

PROVIDING CARE FOR CARING SPACES WITH A BLEND OF
EXPERIENCE AND INNOVATION

5 REASONS TO CHOOSE BELROC

Trusted Partner

Our level of expertise makes Belroc a trusted partner of some of Canada's leading construction experts operating in a wide range of healthcare and commercial spheres. This makes us a safe pair of hands for large-scale projects, including publicly-funded resources. Whatever your challenge, we're committed to helping you find practical, achievable solutions proven to enhance standards of care.

Innovation

Our service delivery and product range is constantly evolving to meet the ever changing needs of our industry, ensuring our clients are at the cutting edge of Division 10 compliance.

Superior Project Management

As part of our unique 3DX methodology we offer a complete, professional project management service. We look after every aspect of your Division 10 project, delivering transparency and full accountability throughout your Belroc journey.

Committed to Quality

Belroc helps organizations to enhance their built environments using quality, durable products that protect their investment and their people. Belroc is a proud supplier of Division 10 interior specialities by some of the finest names in the business including Bobrick, Hadrian and InPro.

Knowledgeable, friendly support

We're very proud of our knowledgeable team. When you contact us you'll always have access to someone who can swiftly and effectively answer your questions and resolve any issues you're facing – with a smile!

BELROC SUSTAIN

Our Green Policy

We are committed to taking all possible steps to reduce the environmental footprint of our operations. Belroc Sustain outlines our pledge to reduce waste and build sustainable practices into our business, including our innovative Project Pods, which are aimed at reducing road freight and single use packaging.

Our Suppliers

We are proud to work with some of the industry's largest suppliers of specialty products with a focus on quality, practicality, innovation and aesthetics. Our long-standing relationships with companies like Inpro, Hadrian Manufacturing and Bobrick allows us to tap into an enormous reservoir of experience – a huge asset when it comes to developing custom Division 10 packages across a range of sectors.

Project Pods

Project Pods are repurposed shipping containers which are packed directly from our warehouse in reverse chronological order for maximum efficiency in use. All the materials required to complete any one project can be shipped in one or more Pods which eliminates repeated truck deliveries and associated emissions.

SOLUTIONS

Expertly-tailored solutions for hardworking environments that promote health & healing

As specialists in healthcare and senior living interiors, Belroc brings two decades of interior specialty expertise to bear on every single project. We work to devise complete, tailored solutions to your building's individual requirements, creating environments that support clinical & nursing excellence while promoting recovery, independence & mental wellbeing.

REFRESH

Belroc Refresh provides a wide range of specialties designed to enhance and protect Long-Term Care and Independent Retirement interiors.

Whether you're a municipality, an independent home or a large corporation with multiple locations, we'll work with you to develop a customized package that supports your vision for quality and consistency, while meeting your needs on budget, aesthetics and compliance.

We offer design phase consultancy plus the development, supply and installation of complete, customized packages featuring a comprehensive range of interior specialty products for new builds and redevelopment projects.

Full turnkey packages include:

- Corridor & suite surface protection retrofits
- Washroom updates with code compliant safety equipment
- Tub & shower room infection prevention upgrades
- Changing & locker room privacy enhancements

Interiors matter in senior living communities - for safe, quality care, but also for emotional and psychological wellbeing.

GUIDING YOU THROUGH THE PROCESS WITH 3DX

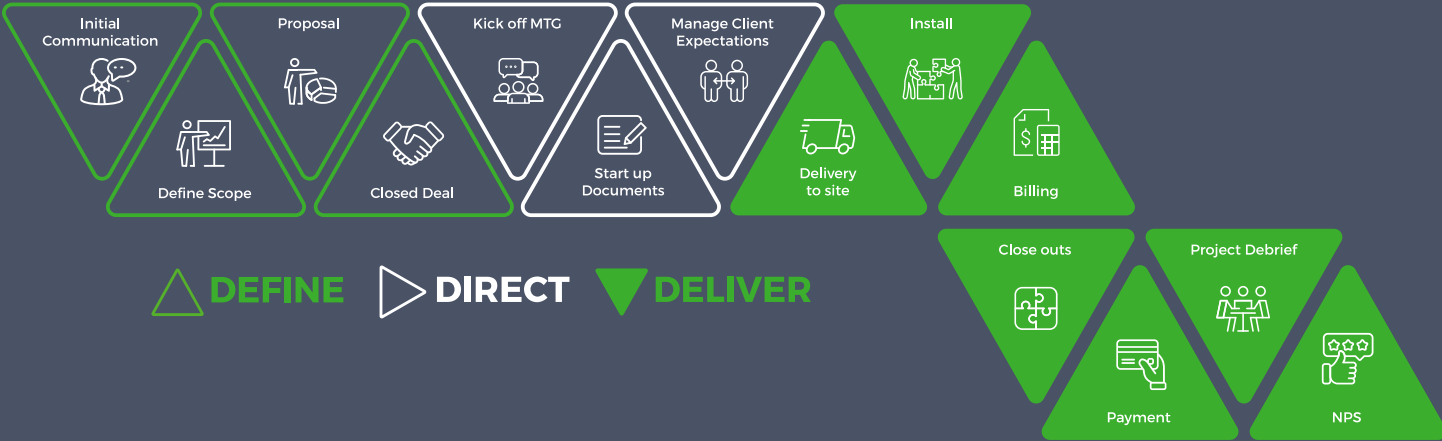

We understand that no two projects are alike. But large or small, simple or complex, we pride ourselves on taking the same structured and meticulous approach to every brief. We do this using a unique approach we like to call 3DX.

3DX represents our three Ds – Define, Direct and Deliver. Our service is structured around these three pillars of

the customer journey, guiding progress from initial enquiry to close out.

3DX ensures effectiveness and accountability at every stage of the client journey. Our unique approach is proven to save our clients time and money by making sure their installations run smoothly and their specialty products can stand the test of time.

3DX DEFINES THE PRECISE NEED, DIRECTS THE APPROPRIATE STRATEGY AND DELIVERS A SEAMLESS RESULT.
