

# INTERIOR AMENITIES

at-a-glance

## In busy environments, efficiency is key.

Equipped functional environments have practical, hardwearing solutions for storage, security & more. Investing in appropriate containment can improve infection control, reduce time loss, keep personal treasures secure and minimize the risk of accidents.

### Lockers

Secure locker facilities provide much more than a space to store personal effects and clothing. In healthcare environments, they're an important aspect of infection control protocols, facilitating hygienic storage of uniforms and preventing cross-contamination from the outside world.

#### METAL LOCKERS

#### EXTREMELY DURABLE

- powder-coated metal surfaces
- wide range of colours
- installer-friendly
- cost-effective

#### PLASTIC LOCKERS

#### IDEAL FOR WET ENVIRONMENTS

- immune to rust, mold, and mildew
- HDPE\* offers total durability
- low maintenance

\*HDPE = high density polyethylene

## Accessories

When it comes to highly functional interiors, the details can make all the difference. Our range of interior accessories can help you create safer, more streamlined spaces.

Benches

### Benches

Sturdy, easy-to-maintain bench seating is an essential item for any locker, break or changing room and provides staff with a convenient, safe place to sit while changing footwear or simply to take the weight off their feet.

Mailboxes

### Mailboxes

Keeping mail organized is vital for both healthcare professionals and patients alike. In care homes it is crucial older adults feel at home by providing a secure, safe place for personal communication and family correspondence.

Wire Mesh

### Wire mesh storage

Secure storage in multiple-occupancy buildings is a must, and our wire storage lockers perfectly fits the bill on security and durability. This type of storage is typically located in a basement or car park and often paired with recreational storage.
