

# WASHROOM SPECIALTIES

at-a-glance

## Robust, reliable privacy for high-use environments

Good washroom design is critical to creating environments that are highly functional, easy to maintain and aesthetically pleasing.

- Deluxe, enhanced privacy partitions
- Hand dryers & towel dispensers
- Accessibility aids
- Waste management

## Toilet partitions

Washrooms are among the most hardworking facilities in the healthcare sector, and good design can be an important line of defence against infection as well as poor hygiene and vandalism. Effective toilet partitions offer a vital combination of protection and privacy.

- Resistant to bacteria, oil, stains, and water
- Support high levels of hygiene with easy-clean design
- Long lifespan, representing a worthy investment
- Moisture resistance for use in high-humidity
- Available with a wide range of enhanced privacy options
- Anti-graffiti on some models

## Configuration options

Choosing the right mounting option for the specific environment can be paramount to a project.

Belroc offers detailed consultations to ensure the right option is chosen considering:

- strength & durability for high abuse areas
- architectural & interior decoration
- structural support requirements
- modern drop or high ceiling configurations
- budget constraints
- full privacy options

**Take enhanced privacy to new heights.**

Full height privacy options and no-sightline solutions are ideal for gender neutral washrooms.

Extended doors and panels can be mounted closer to the floor and ceiling to deliver ultimate privacy and eliminate gaps with side fillers.
